

Employee Working Parties with the Scottish Wildlife Trust

Make a difference in 2010

Employee work parties with the Scottish Wildlife Trust are a fantastic opportunity for staff team building and personal development outside of the normal working environment. They are also a great, interactive way for companies to make a positive and practical difference to local wildlife.

We have a calendar of tasks suitable throughout the year at various SWT reserves. Full training on the use of tools will be given on the day, and expert Trust staff will be on hand at all times to supervise.

To discuss how your company can get involved with employee volunteering, please contact: Wendy Hill on 0131 312 4772 or whill@swt.org.uk
